# OnWatch™

## Improve operational efficiency and maximize patient care

Anticipate potential issues to avoid any unplanned technical intervention

- Reduces the risk of rescheduling patient appointments
- Increases the availability of your system
- Protects your investment by enabling you to treat more patients

**OnWatch™** is a proactive monitoring solution via broadband connectivity that enables you to capitalize on:

**DEPENDABILITY** by limiting patient rescheduling due to unexpected technical intervention

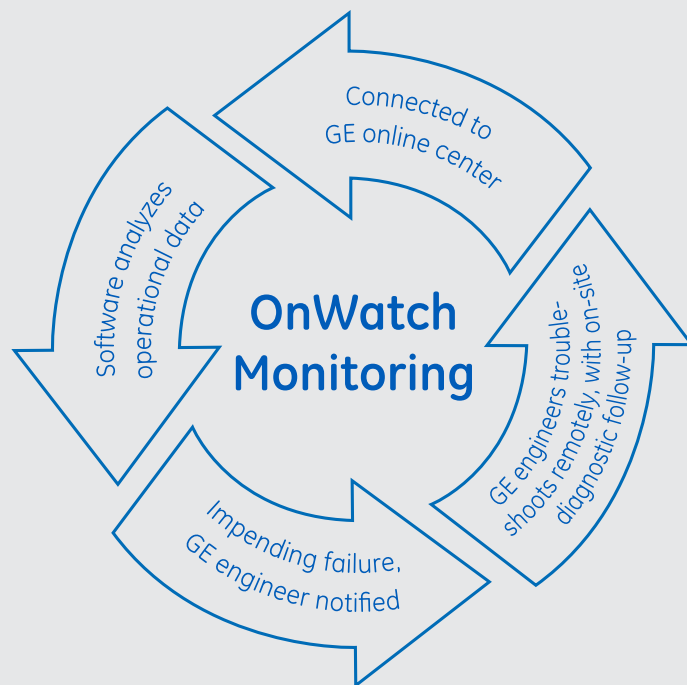

**CONFIDENCE** by maximizing your staff's capabilities and hence minimizing liability risk

**PERFORMANCE** by measuring how the system operates and predict any potential system failure

**COMFORT** by reducing your staff's stress levels due to less patient management difficulties

**REPUTATION** by delivering on time quality patient care

Here is how it works:

Closer to you. Closer to your needs.
